

# Admissions

Welcome to Brinsworth Academy, we are delighted that you are considering applying for a place with us for your child.

Leap Academy Trust is the admission authority for the academy and is responsible for determining its admission arrangements. The Trust has determined that all admissions will be co-ordinated through the Local Authority's co-ordinated admission arrangements.

Therefore, applications for places at Brinsworth Academy will need to be made in accordance with the statutory Admission Code and will be made on the Common Application Form provided and administered by the Local Authority on behalf of Leap Academy Trust.

The authority has determined co-ordinated admission schemes as required by law for the next academic year. This means that a parent completes the Common Application Form expressing up to three preferences and the authority liaises with schools on their behalf.

The authority will inform the parent of the outcome of their application, including the reason for the refusal and information on the appeals process if a place is refused at any of their preferred schools.
